

CURRICULUM VITAE

A. PERSONAL INFORMATION:

Name	Wesley Gordon Schooler, M.D., F.A.C.S.
Business Address	427 W. Pueblo Street Suite A Santa Barbara, CA 93105
Business Phone	(805) 687-7336
Business Fax	(805) 687-9491
Home Address	3530 Los Pinos Drive Santa Barbara, CA 93105
Cell Phone	(805) 705-7744
Citizenship	USA
E-Mail Addresses	wgsmd@sbplasticsurgery.com

B. EDUCATION:

High School	North Carolina School of Science and Mathematics, 1987
University	Northwestern University, Evanston, IL, Bachelor of Arts in Chemistry, 1991
Medical School	University of North Carolina School of Medicine, Chapel Hill, NC, 1995
Internship	University of North Carolina at Chapel Hill, General Surgery, Chapel Hill, NC, July 1995 – June 1996
Residency	University of North Carolina at Chapel Hill, General Surgery, Chapel Hill, NC, July 1996 – June 2002 University of California San Francisco, Plastic Surgery, San Francisco, CA, July 2003 – June 2005
Fellowship	University of North Carolina at Chapel Hill, Surgical Critical Care, Trauma, Burns, Chapel Hill, NC, July 2002 – June 2003 The Hand Center of San Antonio, Hand Surgery, San Antonio, TX, July 2005 – June 2006
Honors and Awards	National Achievement Scholarship, 1987 National Merit Scholarship Finalist, 1987 NSF Biochemistry Research Proposal Competition, Honorable Mention, 1989

Old North State Medical-Dental Society Scholarship, 1992

NIH Student Summer Research Grant, 1992 and 1993

NC Medical Foundation Cofounder's Club Research Grant, 1993

Bristol-Meyers-Squibb Commonwealth Fellowship for Academic Medicine, 1994

NC Committee on Trauma Annual Resident Paper Competition, Honorable Mention, 1999

Resident of the Year, WakeMed AHEC, 2000-2001

Medical License Number A83721

Board Certification American Board of Plastic Surgeons, Surgery of the Hand Certified 09/2011

American Board of Plastic Surgeons, Certified 01/2008

American Board of Surgery, Certified in General Surgery 12/2003

Diplomate, National Board of Medical Examiners, Parts I-III

Board of Medical Examiners of the State of North Carolina, inactive

C. PROFESSIONAL BACKGROUND:

Academic Appointments

Clinical Assistant Professor, University of Southern California, Department of Orthopedics, Los Angeles, CA, 2010-present

Clinical Assistant Professor, University of Southern California, Division of Plastic & Reconstructive Surgery, Los Angeles, CA, 2007-present

Service Chief, Plastic Surgery, LAC+USC Medical Center, Department of Surgery, Los Angeles, CA 2007-2012

Assistant Professor, Oregon Health and Science University, Division of Plastic Surgery, Portland, Oregon, 2006-2007

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail. The second part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

2. The second part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail. The third part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

3. The third part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail. The fourth part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

4. The fourth part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail. The fifth part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

5. The fifth part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail. The sixth part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

Specific Teaching Responsibilities

LAC-USC Plastic Surgery Rotation, Medical Student Lectures, 2007-present
Operative teaching residents and fellows- microsurgery LAC/USC, 2007-present
Operative and ICU teaching- LAC Burn Unit, 2007-2009
Operative teaching residents and fellows, Orthopedic Hand Service LAC/USC
Lecturer, Plastic Surgery Residents on the Plastic Surgery Core Lecture Series,
2007-present

Lecturer, Boyes Hand Fellows and Orthopaedic and Plastic Surgery Residents,
2008-present
USC Plastic Surgery Cadaver Curriculum Co-director, 2008-present
USC Plastic Surgery Summer Core Curriculum, Director
Instructor, Plastic Surgery Interest Group Suture Course 2011
Instructor, Medical Student Suture Course 2011

Specific Administrative Responsibilities

Service Chief, Plastic Surgery, LAC-USC Medical Center, 2007-2012
Faculty, USC Boyes Orthopaedic Hand Fellowship
Chair, Department of Surgery Santa Barbara Cottage Hospital 2016-2018

D. SOCIETY MEMBERSHIPS:

Distinguished
none

Professional

NC State Medical Society
American Medical Association, 1995
Society of Critical Care Medicine, 2003
American Burn Association, Member 2008
American College of Surgery, Fellow 2009
American Society of Reconstructive Microsurgery, Member 2009
American Society of Plastic Surgeons, Member, 2009
California Society of Plastic Surgeons, 2013
American Society for Surgery of the Hand, 2013
Santa Barbara County Medical Association, 2013
Santa Barbara Preferred Health Partners, 2013

E. SERVICE:

Professional Organizations

National/International

ACGME, National Duty Hours Sub-committee 2002-3
American Society of Plastic Surgeons, Young Plastic Surgeons Committee
ASRM Program Committee 2011-12

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent data collection procedures and the use of advanced analytical techniques to derive meaningful insights from the data.

3. The third part of the document focuses on the implementation of data-driven decision-making processes. It discusses how the collected data is used to identify trends, assess risks, and make strategic decisions that align with the organization's goals and objectives.

4. The fourth part of the document addresses the challenges and limitations of data analysis. It acknowledges that while data provides valuable insights, it is not infallible and must be interpreted with care, taking into account potential biases and uncertainties.

D. CONCLUSION

In conclusion, the document underscores the significance of data in modern organizations. It argues that by effectively managing and analyzing data, organizations can gain a competitive edge, improve operational efficiency, and make more informed decisions. The document also provides practical recommendations for organizations looking to optimize their data management practices, including investing in robust data infrastructure, fostering a data-driven culture, and ensuring data security and privacy.

E. REFERENCES

The document references several key sources, including industry reports, academic journals, and internal organizational documents. These references provide a solid foundation for the analysis and conclusions presented in the document, demonstrating the research-based nature of the findings.

University/Other Committees

UNC Graduate Medical Education Committee at large member
UNC Housestaff Council, 1995-present, President 2001-2002
UNC Physician Liability Advocacy Committee, 2001-2002
UNC Medical Executive Staff Committee, 2001-2002
USC Graduate Medical Education Committee, 2008-present
Doctors of USC Medical Executive Staff Committee, 2008-present
LAC-USC Hospital By-laws Committee 2010-present
USC Physicians Technology Advisory Group, 2010-present
USC University Hospital Quality Committee of the Hospital Governing Board, Member, 2011-present

Medical Volunteer Work

Los Angeles County Disaster Healthcare Volunteers, LAC, 2011-present
Institute for Global Orthopaedics and Traumatology, 2012-present

Dear Mr. [Name],

I am writing to you regarding the [Subject] that we discussed in our meeting on [Date].

I have reviewed the information you provided and I am pleased to hear that [Details].

As a result of this review, we have decided to [Action].

I am confident that this decision is in the best interests of [Party] and I hope you will find it satisfactory.

Please let me know if you have any questions or if there is anything else I can do for you.

Very truly yours,

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial data and for providing a clear audit trail.

2. In addition, it is crucial to establish a robust internal control system. This involves implementing policies and procedures that minimize the risk of errors and fraud, while also ensuring the efficient use of resources.

3. Furthermore, regular communication and reporting are key to the success of any financial management strategy. Stakeholders should be kept informed of the company's financial performance and any potential risks.

4. Finally, it is important to stay up-to-date with the latest financial regulations and standards. This ensures that the organization remains compliant and avoids any potential legal or financial penalties.

5. The second part of the document provides a detailed overview of the company's current financial position. This includes a breakdown of assets, liabilities, and equity, as well as a comparison of the current year's performance against the previous year.

6. It also includes a discussion of the company's financial goals for the upcoming year. These goals are based on a thorough analysis of the market and the company's internal capabilities, and they provide a clear target for the financial team.

7. In conclusion, the document emphasizes the need for a proactive and data-driven approach to financial management. By following the principles outlined here, the organization can ensure its long-term financial stability and success.

8. The third part of the document provides a detailed analysis of the company's revenue streams. This includes an examination of the contribution of each product line and a discussion of the factors that influence revenue growth.

9. It also includes a discussion of the company's cost structure and the impact of various expenses on the bottom line. This analysis is essential for identifying areas where costs can be reduced and efficiency improved.

10. Finally, the document provides a summary of the key findings and recommendations. These findings are based on the data presented in the previous sections and they provide a clear path forward for the company's financial management.

11. The fourth part of the document provides a detailed overview of the company's financial performance over the past year. This includes a comparison of the current year's performance against the previous year and a discussion of the factors that have influenced the results.

12. It also includes a discussion of the company's financial goals for the upcoming year. These goals are based on a thorough analysis of the market and the company's internal capabilities, and they provide a clear target for the financial team.

20. Schooler WG, Co-moderator, Craniofacial Surgery Section Southern California American College of Surgeons Annual Meeting, Santa Barbara, CA, Jan. 22, 2011.
